About the brand

Pharmaceutical Manufacturing is an official brand of Putman Media, and includes a print magazine, website, digital editions, a daily newsletter and social media sites. The print magazine is available by subscription to qualified professionals in North America, free of charge, and published 10 times per year. Pharmaceutical Manufacturing's daily newsletter – The Daily Dose – delivers relevant and to-the-point news, articles and insights into the inboxes of busy pharma professionals across the globe each morning.

Brand focus

*Pharmaceutical Manufacturing* is dedicated to being a key catalyst for improving the pharmaceutical industry's:
- Manufacturing risk scenarios
- Manufacturing and operational efficiencies
- Quality control/quality assurance programs
- Speed to market initiatives
- Adoption of emerging technologies and processes
- Drug and process development processes
- Compliance/validation programs

We are looking for thought-leadership pieces as well as actionable, inspiring examples – in all forms of media – of how industry leaders are tackling the most pressing process development, manufacturing, packaging and supply chain challenges.
How you can get involved

→ Contributed expert articles
Submit non-commercial editorial pieces on specific topics, written by your in-house experts. For help narrowing topics, please send pitches to our editors.

Examples:
The Future of Quality Control
Disrupting the Status Quo of Legacy Systems

→ Contributed opinion columns
A less formal, 650-word opinion piece by an industry thought leader on an interesting (even controversial) topic. Humor and casual tones are welcome.

Examples:
No Easy Answer for Drug Pricing
For Industry-wide Digitalization, Think Small

→ Pharma Innovation Awards
A celebration of technologies contributing to advancements in risk reduction, product quality improvement and manufacturing efficiency. Submit for consideration your company's NEW and UNIQUE products and technical innovation in the categories: analytical and monitoring devices, automation and control, bioprocessing, plant floor operations, smart pharma, and packaging

2018 Pharma Innovation Awards

Pharmaceutical Manufacturing Editorial Submission Guidelines

Content requirements

Content is provided by members of the editorial staff, contributing editors, freelance writers and experienced professionals within the pharmaceutical industry. Preference is given to articles written by experts who work within the industry, including members of the manufacturing, regulatory, academic and consulting communities. Vendor-written content can be considered for publication in cases where the technology has not yet been widely adopted by the industry, or there is insufficient expertise within the user community. All articles must be non-promotional.
Print articles:
Feature articles are generally between 1800-2200 words, although certain topics may demand fewer or more words and will be considered. Columns and opinion pieces should be between 650-1000 words.

Deadlines are printed on the editorial calendar

Online articles:
Online articles should be no longer than 1,200 words.

There is no deadline for online articles because we frequently publish new content to our site.

Art, photo, digital requirements

Preference will be given to any submission that includes engaging digital components – charts, tables, photos, infographics,.slideshares, videos, etc. Submitted photos should be photographed at an original size of approximately 8 inches by 10 inches at a minimum 300 dpi resolution in .tif or .jpeg format. PLEASE submit images as attachments rather than embedded in documents. All submitted photos or art should include corresponding captions. The author is responsible for obtaining permission for publication from the persons in each photograph and from the creator of any artwork submitted.

Style

Pharmaceutical Manufacturing is not an academic journal. As such, authors should write clear and concise prose in a conversational yet professional tone. Citations and footnotes are welcome though not mandatory. All submitted material is expected to be well-written and proofread by the authors for factual errors. Authors bear full responsibility for accuracy of information and quotations. All articles require a title and deck.

Pharmaceutical Manufacturing generally follows Associated Press style for matters of style and usage as well as a style sheet specific to the editorial requirements of this publication. All submissions will be edited for clarity and grammar. Whenever possible, the editorial staff will contact an author to discuss questions of intention and interpretation.
